- (T) - To signify a change in text but no change in rate or regulation.

LOCAL EXCHANGE AND INTEREXCHANGE TELECOMMUNICATIONS SERVICES

TARIFF FORMAT

- A. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially; however, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.
- B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th Revised Page 14 cancels the 3rd Revised Page 14. Because of various suspension periods, deferrals, etc. the Commission follows in its tariff approval process, the most current page number on file with the Commission is not always the page in effect. Consult the Check Sheet for the page currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to the next higher level:
- 2.
 - 2.1
 - 2.1.1
 - 2.1.1.A
 - 2.1.1.A.1
 - 2.1.1.A.1.(a)
 - 2.1.1.A.1.(a).I
 - 2.1.1.A.1.(a).I.(i)
 - 2.1.1.A.1.(a).I.(i).1
 - 2.1.1.A.1.(a).I.(i).1.(i)
- D. Check Sheets - When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the pages contained in the tariff with a cross-reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same. just revised revision levels on some pages.) The tariff user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Commission.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.5 Allowances for Interruptions of Service

2.5.1 General

- 2.5.1 A service is interrupted when it becomes unusable to the Customer, e.g., the Customer is unable to transmit or receive communications due to the failure of a component furnished by the Company under this tariff.
- 2.5.2 An interruption period begins when the Customer reports a service, facility or circuit to be inoperative and releases it for testing and repair. An interruption period ends when the service, facility or circuit is operative.
- 2.5.3 If the Customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, the service, facility or circuit is considered to be impaired but not interrupted. No credit allowances will be made for a service facility or circuit considered by the Company to be impaired.

LOCAL EXCHANGE AND INTEREXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)**2.5 Allowances for Interruptions of Service (Cont'd)****2.5.2 Application of Credits for Interrupted Services**

At the Customer's request, a credit allowance for a continuous interruption of service for more than (24) hours will be made in an amount to be determined by the Company or a case-by-case basis.

- A. Any such interruption will be measured from the time it is reported to or detected by the Company, whichever occurs first.
- B. In the event the Customer is affected by such interruption for a period of less than twenty-four (24) hours, no adjustment will be made. No adjustments will be earned by accumulating non-continuous periods of interruption.
- C. When an interruption exceeds twenty-four (24) hours, the length of the interruption will be measured in twenty-four (24) hour days. A fraction of a day consisting of less than twelve (12) hours will not be credited and a period of twelve (12) hours or more will be considered an additional day.

2.5.3 Limitations on Allowances

- A. No credit allowance will be made for any interruption of service:
 - 1. due to the negligence of, or noncompliance with the provisions of this tariff by, any person or entity other than the Company, including but not limited to the Customer or other entities or carriers connected to the service of the Company;
 - 2. due to the failure of power, equipment, systems or services not provided by the Company;
 - 3. due to circumstances or causes beyond the control of the Company;

2.5 Allowances for Interruptions of Service, (Cont'd)

2.5.3 Limitations on Allowances, (Cont'd)

A. (Cont'd)

4. during any period in which the Company is not given full and free access to the Customer's or Company's facilities and equipment for the purpose of investigating and correcting the interruption;
5. during any period in which the Customer continues to use the service on an impaired basis;
6. during any period in which the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements;
7. that occurs or continues due to the Customer's failure to authorize replacement of any element of special construction; and
8. that was not reported to the Company within thirty (30) days of the date that service was affected.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.6 Termination of Service

- 2.6.1 A Customer may terminate service, with or without cause, by giving the Company notice. If a Customer orders services requiring special equipment and/or facilities dedicated to the Customer's use and then cancels the order before service begins, a charge will be made to the Customer for the non-recoverable portions of expenditures or liabilities incurred expressly on behalf of the Customer by the Company.
- 2.6.2. Upon five (5) business days written notice to the Customer, the Company may discontinue service or cancel an application for service without incurring any liability for any of the following reasons:
- A. Failure of the Customer to pay a non-disputed delinquent account;
 - B. Failure of the Customer to make satisfactory arrangements to pay arrearages or meet the requirements of a payment agreement;
 - C. Failure of the Customer to permit the Company to have reasonable access to its equipment, facilities, service connections or other property;
 - D. Failure of the Customer to provide the Company with adequate assurances that an unauthorized use or practice will cease;

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.6 Termination of Service, (Cont'd)

2.6.2 (Cont'd)

- E. Customer violation of any regulation governing the service under this tariff, or a violation of any law, rule, or regulation of any government authority having jurisdiction over the service;
- F. Company is prohibited from furnishing services by order of a court or other government authority having jurisdiction;
- G. Customer fraud or material misrepresentation of identity for purpose of obtaining telephone service; or
- H. Failure of the Customer to adhere to contractual obligations with the Company.

2.6.3 The Company may terminate service without notice to the Customer for any of the following occurrences:

- A. Customer's maintenance or operation of its equipment in such a manner as to adversely affect the Company's equipment or service to others;
- B. Customer non-compliance with any provision of this tariff which results in threatening the safety of a person or the integrity of the service delivery system of the Company;
- C. The existence of a condition on the Customer's premises determined by the Company to be hazardous;
- D. Customer tampering with the Company's equipment or service;
- F. Customer's unauthorized or illegal use of the Company's service or equipment.

The Customer is responsible for all charges incurred to the calling station regardless of which party terminates the service. The Customer shall reimburse the Company for all costs, expenses and fees (including reasonable attorneys' fees) incurred by the Company in collecting such charges.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)**2.7 Payment of Charges**

- 2.7.1 The Customer is responsible for payment of all charges for service furnished to the Customer.
- 2.7.2 The Company reserves the right to assess late payment charges for Customers whose account(s) carries principal owing from the prior billing period. Any charges not paid in full by twenty (20) days after the due date indicated on the billing statement may be subject to a late fee of 1.5% per month.
- 2.7.3 Recurring monthly charges may be invoiced one month in advance. Invoicing cycles are approximately thirty (30) days in length.
- 2.7.4 Customers must notify the Company either verbally, or in writing, of any disputed charges within thirty (30) days of the billing date, otherwise all charges on the invoice will be deemed accepted. All charges remain due and payable at the due date, although a Customer is not required to pay disputed charges while the Company conducts its investigation into the matter.

2.8 Deposits

The Company will not require deposits from Customers.

2.9 Advance Payments

The Company will not require advance payments from Customers.

2.10 Contested Charges

All bills are presumed accurate, and shall be binding on the Customer unless objection is received by the Company no more than thirty (30) days after such bills are rendered. In the event that a billing dispute between the Customer and the Company for service furnished to the Customer cannot be settled with mutual satisfaction, the Customer take the following course of action:

LOCAL EXCHANGE AND INTEREXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.10 Contested Charges (Cont'd)

2.10.1 First, the Customer may request, and the Company will provide, an in-depth review of the disputed amount. (The undisputed portion and subsequent bills must be paid on a timely basis or the service may be subject to disconnection.)

2.10.2 Second, if there is still a disagreement about the disputed amount after investigation and review by the Company, the Customer may file an appropriate complaint with the Louisiana Public Service Commission. The address/phone numbers of the Commission are:

State and local sales, use and similar taxes are billed as separate items and are not included in the quoted rates for service.

LOCAL EXCHANGE AND INTEREXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 3 - DESCRIPTION OF SERVICE**3.1 Timing of Calls**

- 3.1.1 The Customer's monthly usage charges for the Company service are based upon the total number of minutes the Customer uses and the service options to which the Customer subscribes. Chargeable time begins at the time the called party answers (i.e. when two-way communications is possible), and ends when either party hangs up.
- 3.1.2 No charges apply if a call is not completed.
- 3.1.3 For billing purposes, all calls are rounded up to the nearest minute and billed in increments of one minute. The minimum call duration is one (1) minute for a connected call.
- 3.1.4 Where applicable, charges will be rounded up to the nearest penny.
- 3.1.5 Usage begins when the called party picks up the receiver (i.e. when two-way communication is possible). A call is terminated when the calling or called party hangs up. The Company utilizes software answer supervision, which permits up to 60 seconds of ringing before the call becomes billed usage. Where answer supervision is not available, any call for which the duration exceeds 60 seconds shall be presumed to have been answered and becomes billed usage.
- 3.1.6 The Company will not knowingly charge for incomplete calls. Upon the Customer's request and proper verification, the Company shall promptly adjust or credit the Customer's account for charges or payments for any unanswered call inadvertently billed due to the unavailability of Feature Group D or due to another carrier's failure to provide answer supervision. Upon the Customer's request and proper verification, the Company also shall promptly adjust or credit the Customer's account for charges or payments for calls placed to a wrong number.

SECTION 3 - DESCRIPTION OF SERVICE, (Cont'd.)**3.2 Start of Billing**

For billing purposes, the start of service is the day following acceptance by the Customer of the Company's service or equipment, or another date mutually agreed-upon by the Customer and the Company. The end of service date is the last day of the minimum notification of cancellation or any portion of the last day, after receipt by the Company of notification of cancellation, or another date mutually agreed-upon by the Customer and Company.

3.3 Calculation of Distance

3.3.1 Where applicable, usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call.

3.3.2. Distance between two points is measured as airline distance between the Rate Centers of the originating and terminating telephone lines. The Rate Center is set of geographic coordinates, as referenced in National Exchange Carrier Association, Inc. Tariff FCC No. 4, associated with each NPA-NXX combination (where NPA is the area code and NXX is the first three digits of a seven-digit telephone number). Where there is no telephone number associated with an access line on the Company's network (such as dedicated 800 or WATS access line), the Company will apply the Rate Center of the Customer's main billing telephone number.

SECTION 3 - DESCRIPTION OF SERVICE, (Cont'd.)**3.3 Calculation of Distance, (Cont'd.)**

3.3.3 The airline distance between any two Rate Centers is determined as follows:

- Step 1: Obtain the "V" and "H" coordinates for the serving wire center of the Customer's switch and the destination point.
- Step 2: Obtain the difference between the "V" coordinates of each of the Rate Centers. Obtain the Difference between the "H" coordinates.
- Step 3: Square the differences obtained in Step 2.
- Step 4: Add the squares of the "V" difference and "H" difference obtained in Step 3.
- Step 5: Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.
- Step 6: Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating serving wire centers of the call.

Formula:

$$\sqrt{\frac{|V_1 - V_2|^2 + |H_1 - H_2|^2}{10}}$$

This is the airline mileage.

3.4 Minimum Call Completion Rate

The Customer can expect a call completion rate of at least 90% per 100 calls attempted during peak use periods for all Feature Group D (1+) services. The Company will engineer its switching systems on the basis that at least ninety percent (90%) of the Customers accessing their system will be served during the Busy Hour.

LOCAL EXCHANGE AND INTEREXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 3 - DESCRIPTION OF SERVICE, (Cont'd.)**3.5 Exchange Access Service****3.5.1 General**

Exchange Access Service provides a Customer with a telephonic connection to, and a unique telephone number address on the public switched telecommunications network. All local exchange service offerings of the Company include touch tone capability. Each Exchange Access Service enables customers to:

- receive calls from other stations on the public switched telecommunications network;
- access other services offered by the Company as set forth in this tariff;
- access certain interstate and international calling services provided by the Company;
- access (at no additional charge) the Company's operators and business office for service related assistance;
- access (at no additional charge) emergency services by dialing 0- or 9-1-1 ; and
- access services provided by other common carriers that purchase the Company's Switched Access services as provided under the Company's Federal and State tariffs, or that maintain other types of traffic exchange arrangements with the Company.

Each Exchange Access Service is available on a "Full" service basis, whereby service is delivered to a demarcation/connection block at the Customer's premises.

The following Exchange Access Services are offered:

A. Base Line Service

Basic Line Service provides a Customer with a single, voice-grade telephonic communications channel that can be used to place or receive one call at a time. Basic Lines are provided for connection of Customer-provided single station sets or facsimile machines to the public switched telecommunications network. Each Basic Line may be configured into a hunt group with other Company provided Basic Lines. Each Basic Line is provided with the following standard features which are set forth in Section 3.9.5 of the tariff.

LOCAL EXCHANGE AND INTEREXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 3 - DESCRIPTION OF SERVICE, (Cont'd.)**3.5 Exchange Access Service, (Cont'd.)****3.5.1 General, (Cont'd.)****B. Directory Listings**

For each Customer of Company-provided Exchange Access Service(s), the Company shall arrange for the listing of the Customer's main billing telephone number* in the directory(ies) published by the dominant Local Exchange Carrier in the area at no additional charge.

C. Main Number Retention

Main Number Retention is an optional feature by which a new Customer, who was formally a Customer of another certificated local exchange carrier at the same premises location, may retain its main telephone numbers and main fax numbers for use with the Company-provided Exchange Access Services. Main Number Retention service is only available in areas where the Company maintains some form of number retention arrangement with the Customer's former local exchange carrier.

Monthly recurring and nonrecurring charges apply per retained number. Rates for retained numbers may vary from area to area.

D. 900/976/700 Blocking

Permits a new or existing Customer, on a per-line basis, to receive free of charge block on all calls made from its Calling Station to a 900, 976 or 700-type telephone number. Customers will be informed of this service offering at the time of their initial sign-up with the Company.

*For Customers with multiple premises served by the Company, the Company will arrange for a listing of the main billing telephone number at each premise.

SECTION 3 - DESCRIPTION OF SERVICE, (Cont'd.)**3.10 Special Arrangements****3.10.1 Special Construction****A. Basis for Charges**

Where the Company furnishes a facility or service for which a rate or charge is not specified in the Company's tariffs, charges will be based on the costs incurred by the Company and may include:

1. nonrecurring type charges;
2. recurring type charges;
3. termination liabilities; or
4. combinations thereof.

B. Termination Liability

To the extent that there is no other requirement for use by the Company, a termination liability may apply for facilities specially constructed at the request of the Customer.

1. The termination liability period is the estimated service life of the facilities provided.
2. The amount of the maximum termination liability is equal to the estimated amounts for:
 - (a) Cost installed of the facilities provided including estimated costs for rearrangements of existing facilities and/or construction of new facilities as appropriate, less net salvage. Cost installed includes the cost of:
 1. equipment and materials provided or used,
 2. engineering, labor and supervision,
 3. transportation, and
 4. rights-of-way

B. Termination Liability, (Cont'd)

2. (Cont'd.)

- (b) license preparation, processing, and related fees;
- (c) tariff preparation, processing, and related fees;
- (d) cost of removal and restoration, where appropriate; and
- (e) any other identifiable costs related to the specially constructed or rearranged facilities.

- 3. The applicable termination liability method for calculating the unpaid balance of a term obligation. The amount of such charge is obtained by multiplying the sum of the amounts determined as set forth in Section 3.10.1.B preceding by a factor related to the unexpired period of liability and the discount rate for return and contingencies. The amount determined in section 3.10.1.B preceding shall be adjusted to reflect the redetermined estimate net salvage, including any reuse of the facilities provided. This product is adjusted to reflect applicable taxes.

C. Individual Case Basis (ICB) Arrangements

Arrangements will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer to develop a competitive bid for a service offered under this tariff. Rates quoted in response to such competitive requests may be different than those specified for such services in this tariff. ICB rates will be offered to the Customer in writing and on a nondiscriminatory basis. All ICB rates are subject to Commission approval.

D. Temporary Promotional Programs

The Company may establish temporary promotional programs wherein it may waive or reduce nonrecurring or recurring charges, to introduce present or potential Customers to a service not previously received by the Customers. All promotions are subject to Commission approval.

SECTION 3 - DESCRIPTION OF SERVICE, (Cont'd.)

3.11 Intrastate Long Distance Service Offerings

3.11.1 Intrado Communications, LLC Long Distance Service (LDS)

A. Description

Intrado Communications, LLC Long Distance Service (LDS) is a communications service which is available for use by Customers twenty-four (24) hours a day. Customers may originate LDS from locations served by the Company, and may terminate in all locations within the State of Louisiana.

LDS calls will be billed in 6-second increments with an initial billing period of 6 seconds.

The service is offered in two variations depending upon the method the Customer employs to gain access to the Company's network for use of the service:

Switched LDS is offered in Feature Group D (FGD) exchanges where the Customer's local telephone lines are pre-subscribed by the local exchange Company to the Company's LDS service, such that "1+" interLATA calls are automatically routed to the Company's network.

Dedicated LDS is offered to the extent facilities are available in those cases where the Company and the Customer jointly arrange for the establishment of dedicated access facilities connecting the Customer's trunk-compatible PBX or other suitable equipment to the Company's POP. The Customer shall be responsible for all costs and charges associated with the dedicated access facilities. The Company's 1 + Long Distance Service is a switched long distance message telecommunications service provided between points within the State. Customers subscribing to this service may make calls from any location in the State at any time of day or night for a flat-rated per minute charge. Customers may be eligible for volume discounts based upon the amount of their Long Distance Service usage.

SECTION 3 - DESCRIPTION OF SERVICE, (Cont'd.)**3.11 Intrastate Long Distance Service Offerings, (Cont'd.)****3.11.1 Intrado Communications, LLC Long Distance Service (LDS), (Cont'd.)****B. Commitment Levels and Term Plans**

LDS is available on a month to month basis or on an optional 1, 2, or 3-year term plan. Discounts off the base rates are available to the Customer according to the commitment level and term plan selected by the Customer. The commitment level is calculated from the monthly total usage generated from the following Company products: shared and dedicated domestic and interstate and intrastate outbound and inbound service, intraLATA, and calling card. Charges such as taxes, late payment fees or other service nonrecurring and monthly recurring charges will not be included in the total usage amount calculation.

Should the Customer's actual usage fall below the monthly minimum usage commitment, the Customer is required to pay the Company a fee equal to the difference between the Customer's discounted rate and the higher rate associated with the lower volume.

A Customer who terminates a term plan in the 1st year prior to the term's expiration will be required to pay in one lump sum an amount equaling the selected monthly commitment level times the number of months remaining in the term, plus an amount equal to any promotional credit, or discount, or waiver, if applicable, that was provided to the Customer.

A Customer who terminates a term plan in the 2nd or 3rd year prior to the term's expiration will be required to pay 35% an amount equaling the selected monthly commitment level times the number of months remaining in the term, plus an amount equal to any promotional credit, or discount, or waiver, if applicable, that was provided to the Customer.

C. Discounts

The following discounts on per minute base rates for qualifying usage are based on the monthly commitment level and term plan selected by the Customer. These discounts are applicable to the rates found in Section 4 of this tariff.

SECTION 3 - DESCRIPTION OF SERVICE, (Cont'd.)**3.11 Intrastate Long Distance Service Offerings, (Cont'd.)****3.11.2 Intrado Communications, LLC Toll Free Service****A. Description**

Intrado Communications, LLC Toll Free Service is an inbound communications service which permits calls to be completed at the Customer's location without charge to the calling party. Access to the service is gained by dialing a ten (10) digit telephone number (800+ NXX-XXXX) which will terminate at the Customer's location. Calls may originate from any location within the State of Louisiana and may terminate at the Customer's location.

Toll Free Service will be billed per call based on the duration of the call. Each call will be billed in 6 second increments with an initial billing period of 6 seconds. Usage discounts apply to aggregate monthly interstate and intrastate usage.

Toll Free Service is offered in two variations depending upon the method the Customer employs to access the Company's network for use of the service:

Switched Toll Free service calls are originated via normal shared use facilities and are terminated via the Customer's local exchange service access line.

Dedicated Toll Free service calls are originated via normal shared use facilities and are terminated via dedicated access facilities connecting the Customer's premises and the Company's POP. This service is offered to the extent facilities are available and where the Company and the Customer jointly arrange for the establishment of dedicated access facilities connecting the Customer's trunk compatible PBX or other suitable equipment to the Company's POP. The Customer shall be responsible for all costs and charges associated with the dedicated access facilities.

Rates, terms, and conditions plus any additional regulations, if applicable for the special service arrangements will be developed upon the Customer's request. Unless otherwise specified, the regulations for the special service arrangements are in addition to the applicable regulations specified in other sections of this tariff. The necessary tariff revisions will be filed to reflect the special service arrangements.

3.11.4 Bad Check Charge

If payment for service is made by a check, draft, or similar instrument (collectively "Check") that is returned to the Company unpaid by a bank or another financial institution for any reason, the Company may bill the Customer a returned check charge for the amount of \$20.00. In addition, the Customer may be required to replace the returned Check with a payment in cash or equivalent to cash, such as cashier's check, certified check or money order.

3.11.5 Reconnction

Reconnection charges occur where service to an existing Customer has been discontinued for proper cause, and the Customer desires to resume service with the Company. If service has been discontinued for proper cause and where a Customer desires reconnection, the Customer will be charged a fee to defray the cost of restoring service to the Customer.

3.11.6 Late Payment Fee

A late payment fee of 1.5% will be applied to service charges not paid within twenty (20) days after the due date of the bill. The late payment fee will not be applied to previous late payment charges that have been assessed but remain unpaid, but will apply to the accumulated amount for which the Customer is in arrears.

LOCAL EXCHANGE AND INTEREXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 4 - RATES AND CHARGES, (Cont'd.)**4.14 Exemptions and Special Rates****4.14.1 Discounts for Hearing Impaired Customers**

A telephone toll message which is communicated using a telecommunications device for the deaf (TDD) by properly certified hearing or speech impaired persons or properly certified business establishments or individuals equipped with TDDs for communicating with hearing or speech impaired persons will receive, upon request, credit on charges for certain intrastate toll calls placed between TDDs. The credit to be given on a subsequent bill for such calls placed between TDDs will be equal to applying the evening rate during business day hours and the night/weekend rate during the evening rate period. Discounts do not apply to surcharges or per call add on charges for operator service when the call is placed by a method that would normally incur the surcharge.

4.14.2 Directory Assistance for Handicapped Persons

There is no charge for Directory Assistance for the first 50 calls in a monthly billing period from handicapped persons. Such persons must contact the Company for credit on their directory assistance calls.

4.14.3 Exemptions and Special Rates**A. Discounts for Telecommunications Relay Service**

For intrastate toll calls received from the telecommunications relay service, there will be a 50 percent discount off the applicable rate for a voice non relay call except that where either the calling or called party indicates that either party is both hearing and visually impaired, the call will be discounted 60 percent off the applicable rate for a voice non relay call. The above discounts apply only to time-sensitive elements of a charge for the call and shall not apply to per call charges such as a credit card surcharge.
